## Lee Jackson Award

### Tribute to Lee Jackson

Lee Jackson was one of the founding members of Youngstown All Breed Training Club. Before the club was established, several people met and trained their dogs at Pioneer Pavilion in Mill Creek Park. They later moved to GF Hall on Logan Avenue in Youngstown to train.

Lee spent many hours and much of his own money to keep this club active. He was known as "Mr. Youngstown All Breed" and served as president of YABTC for 18 years. Lee was also president of Mahoning Shenago Kennel Club. Lee was an AKC judge and one of 3 people in the nation to receive the distinguished 1977 Midwest D'Ambris award. Unfortunately Lee passed away before he could receive the award.

Both Lee and his wife Kay competed in obedience with Dachshunds and Belgian Sheepdogs. Kay also was Trial Secretary for many years. They had three dogs titled as Companion dogs. Lee had a good sense of humor and had one of his wire haired Dachshunds registered with the name of "DAMMIT"

March of 1978, in honor of Lee Jackson the first Lee Jackson award was given in tribute of him and has become a yearly tradition of YABTC. This award is given to and outstanding and dedicated person who has served our club in honor of Lee Jackson.

2019 Lee Jackson recipient has been a member since 2005. Since joining the club this member has been very active and willing to help where ever she can. Always willing to listen and come up with possible solutions when we have issues. She did Obedience registration for many years,

She comes for building clean-ups, tending to the garden outside (not one of her favorite chores), does magic with the computer and has been a board officer and also is the Administrator to the Facebook page.

She has developed the Rally Program that we teach at YABTC. She has for the last several years taken the reservations for the Christmas Dinner and has organized the raffle at the Dinner. Besides showing and doing very well in Conformation she took the big step and is now an AKC Rally Judge. She loves to watch her students compete and qualify in the ring.

Please congratulate this year's recipient of the Lee Jackson Award;

Mary Mignogna.

Shipman's Dirty Dozen Sunset Saprise CGC (Tink) earned her second leg of Barn Hunt Novice at the Barns and Noses trial in Kirtland, Ohio on Sunday March 24. She is doing pretty well finding the rats.

They had the building all decorated for springtime!

A big Thank You to all who taught us about the conformation ring.

## From Diana James

Fallfire Gun Runner(Bash) went WD for the major at Medina Kennel Club Show Sunday March 3rd.

## SHOUT OUT!

I wanted to take this opportunity to thank my trial committee and club members who helped at the **March 15, 16 and 17 Agility Trial** in Niles.

All I can say is, "**WOW!**"

Our numbers were not great, but the people who came seemed to really like the added touches. I think we can continue to expand on the St. Patrick's Day theme for the upcoming years. I am seeing several pictures of dogs at our photo booth on Facebook. It seems dressing up dogs is a favorite thing to do these days!:-)

I don't take lightly the amount of work you ALL do for these trials. I was exhausted after 3 days and know you were too. We will probably put that third day back on October for 2020 due to current trends. These decisions are made years in advance and we make them based on the best info we have at the time. Our next trial is June 21, 22, and 23, 2019 at the Well when you will be needed once again!

Thanks again, my friends! I couldn't do it without ALL of you!

Sandy Irish

**In HONOR of: UKC CH HONEYS VALKYRIE ZIGGY STARDUST, RN,TD2,OAP,AJP,NFP,DN,CGC,TKN.**

**10-28-2006 to 3-15-2019**

Ziggy died unexpectedly from pneumonia after a 4 day illness, at the age of 12 1/2 years.

Ziggy was an Exceptional Dog from the beginning. After having five shorthair Weimaraners and being down to just one (due to old age) it was time to look for another.

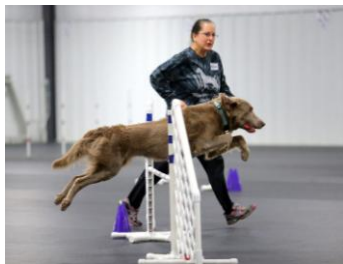

This time I took a chance and chose a longhair pup so I would have to learn new sports and activities, besides just conformation, like with my previous Weims. There were 3 longhairs to choose

from in the litter (from 2 shorthair parents). I preferred a pup that had a blocky head and body, but after talking with the breeder, she suggested the male with a lot of coat, that was very outgoing and kept coming over to me and making eye contact (with a hound type head).

I intended to put numerous titles on him, to prove, that a coat disqualification in the AKC Show ring, does not affect his abilities as a Weimaraner. So Ziggy, was my choice. The name just came to me, plus he had a blaze of white on his chest (stardust) and he became Ziggy Stardust. Getting him was the BEST decision I ever made in my Life!

Due to his coat and undocked tail, he attracted a lot of attention. I even had a couple of shirts designed to say, "I'm with the LONGHAIRED WEIMARANER (recessive gene)".

This was easier than constantly explaining what he was. (Especially walking around the IX-Center, while trying to shop at the Shows in December.)

He was so easy to train and usually learned it, on the second try. His abilities made up for his handler's shortcomings. Our journey began with tracking training, with the help of Judge, Rosemary Janoch, who took a fancy to him.

In May of 2007 the Weimaraner Club of America, was having their Nationals in Cranberry, Pa and I wanted to take him with me, since I was going and taking a friend's shorthair to be shown. Rosemary said it was too soon to enter him in tracking since he would just be 6 months old then but suggested entering him in Rally, that I knew nothing about. She said to get a book and you have three weeks to learn. So I entered him in rally (at least he could be on the grounds and I could scratch, if needed). Well, guess what? He did compete and took 1'st Place, at 6 months of age, beating all the adult Weims. (No photo in WCA Magazine due to his disqualifying coat but his name was listed.) All 3 legs were completed in a row and titled June 2007.

Ziggy's journey continued with his CGC and Tracking Dog Title before 1 year old. Due to acquiring other dogs (his brother Schultz, May 2008 and daughter, Crystal, Jan 2011) we did not compete for any other titles till after he was 8 years old.

We always took agility classes for fun but didn't start competing till then. He started competing in agility at 8 and retired at 11 1/2 yrs old, earning OAP, AJP and NFP. Other Titles achieved were: UKC Show Championship, Dock Novice and Novice Trick Dog Titles (all after age 8).

He, not only was Handsome, but very Loving. Before competing at agility trials, we had to walk around so he could get lovin' from all his friends (this also prevented him visiting trial workers while running). There is a void in my life and heart without him. But I need, to proceed, with his daughter,

Crystal (8 yrs) and 2 granddaughters, Starr and Ruby (2 1/2 yrs).

The reason for this Tribute is to let everyone know, that they can accomplish so much with that SPECIAL DOG, if they put their heart and mind to it. These sports helped us BOND TOGETHER, so much more, than I could have ever imagined.

**I MISS YOU, LOVE YOU and WILL NEVER FORGET YOU, MY HAIRY BOY AND SOULMATE, ZIGGY! REST IN PEACE!**

Love, Tyne Horvath

## OHIO UPDATE: Department of Agriculture Announces Suspension of Enforcement on Broad "Pet Store" Interpretation

By [AKC Government Relations](#)

March 7, 2019

Today the Ohio Department of Agriculture (ODA) announced that they will suspend enforcement of a recent regulatory interpretation that would have required home-based dog breeders to obtain licensing as a pet store.

ODA has stated they will work with the Ohio General Assembly on a resolution.

The American Kennel Club worked with a number of policymakers regarding this issue. For more information about AKC's concerns, see a letter to ODA expressing [AKC concerns with ODA's interpretation of the definition of "pet store" and its impact on home-based breeders](#).

AKC thanks the ODA for suspending enforcement on this issue and will continue to work with legislators for a permanent legislative solution. We will continue to provide more information in the coming weeks. For questions, contact AKC Government Relations at [doglaw@akc.org](mailto:doglaw@akc.org).

## Judge's Orders – Command Discrimination

by [AKC Companion Events Department](#)

**The orders are:** "Leave your dog" and "Back to your dog." **The judge must use signals for directing the handler to command and/or signal the dog to change position except for the first position** and that order is: "Stand your dog" or "Down your dog." The procedure is clearly explained in the *Obedience Regulations*.

**DO NOT USE VERBAL orders for position changes after the first initial position change**, which is given when the handler is standing with the dog sitting in heel position. When the handler is in front and away from the dog, your verbal order greatly increases the dogs chance of responding to you, which is often times the same verbal command the exhibitor uses, which then results in a non-qualifying score.

# CBD Oil for Dogs: What You Need to Know

By [Randa Kriss](#) Feb 05, 2019

As with any pet wellness trend, when it comes to CBD oil for dogs, there's a lot of information floating around online. Of course, you want to do what's best for your pup, which leads to the question: What are the need-to-know facts regarding CBD oil?

The [AKC's Chief Veterinary Officer, Dr. Jerry Klein](#), explains what CBD oil is, what it does, and its safety concerns and side effects. What Is CBD Oil?

CBD, or cannabidiol, is a compound found in cannabis and hemp. Dr. Klein says it is essential to note that in most cases, CBD does not contain delta-9-tetrahydrocannabinol (THC), the compound that gives marijuana its psychoactive properties. In fact, most CBD products are derived from **hemp** and *not* from marijuana.

## How Does CBD Affect Dogs?

Currently, there has been no formal study on how CBD affects dogs. What scientists do know is that cannabinoids interact with the endocannabinoid receptors located in the central and peripheral nervous systems, which help maintain balance in the body and keep it in a normal healthy state.

## What Afflictions Can CBD Treat?

While there's no definitive scientific data on using CBD to treat dogs, there's anecdotal evidence from dog owners suggesting it can treat pain, especially neuropathic pain, as well as helping to control [seizures](#).

According to Dr. Klein, CBD is also used because of its anti-inflammatory properties, cardiac benefits, anti-nausea effects, appetite stimulation, anti-anxiety impact, and for possible anti-cancer benefits, although there's no conclusive data on this use.

The AKC Canine Health Foundation (CHF) is [currently sponsoring a study](#), through the Colorado State University's College of Veterinary Medicine and Biomedical Sciences that will evaluate the use of CBD in treatment-resistant epileptic dogs. The CHF hopes that this will be the first study to gain scientific data on the use of CBD in dogs with this condition.

## Possible Side Effects of CBD in Dogs

While there's no scientific data on the side effects of CBD usage for dogs, there are potential side effects based on how CBD affects humans.

- **Dry mouth:** Research has shown that CBD can decrease the production of saliva. For dogs, this would manifest as an increased thirst.

- **Lowered blood pressure:** High doses of CBD have been known to cause a temporary drop in blood pressure. Even though the drop is small, it might create a brief feeling of light-headedness.
- **Drowsiness:** Dog owners have used CBD to treat anxiety. The calming effect of CBD can also cause slight drowsiness, especially when using higher doses.

## Risks of Using CBD

The safety and risks of using CBD for dogs have not yet been researched. The U.S. Food and Drug Administration has not approved CBD and has not issued a dosing chart. Therefore, we do not know what size dosage would be toxic. Any medication or supplement carries the risk of a reaction. It is always advisable, when giving your dog something new, to start out with small amounts and then closely monitor the effects. And always check with your veterinarian first.

## CBD Products on the Market

If you and your veterinarian decide that you should try CBD as a treatment for your dog, there are a few things to keep in mind when purchasing CBD oil. Not all oils are the same; you'll want high-quality CBD oil to have a better chance of it working.

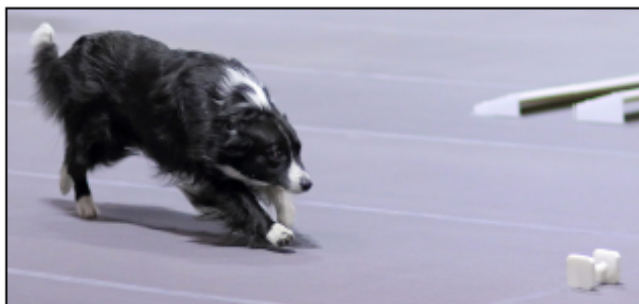

- **Look for organic.** If the CBD oil is not organic, it at least should not contain pesticides, fungicides, or solvents.
- **Don't price shop.** The higher the quality and purity, the higher the cost. You don't want to go for a cheaper option that could have toxic substances such as pesticides, herbicides, or heavy metals. Make sure your CBD oil is free of additives.
- **Get the analysis.** The manufacturer should provide a certificate that tells you the amount of CBD that is in the product. Many CBD oils contain only small amounts of CBD. You'll also want to make sure there is little or no THC in the product.
- **Buy CBD as a tincture.** You can buy dog treats containing CBD, but the best form to administer is a tincture. This way, you can adjust your dog's dose drop by drop.

## The CBD Trend

Why are we hearing so much about CBD oil now? Dr. Klein points to the legalization of marijuana in many places, which has triggered interest in marijuana-related products. "We are likely to see continued interest in CBD and an increase in research about its uses and efficacy in the coming years," he says.

## TRAIN THE TOP DOG WAY

### with Betsy Scapicchio and Linda Brennan

Top Dog started in 1991 on the talents of Betsy Scapicchio and her love of dog training. Linda Brennan joined the team soon after and an amazing match was made. Betsy and Linda are active and current competitors that you are likely to see placing at all of the big shows and tournaments, as well as at local trials. They continually show a variety of breeds to Obedience Trial Champions and they have never been out of the ring in over 30 years. But what sets Betsy and Linda apart from other trainers is not their own tremendous success in the obedience ring; it is their ability to communicate to their students how they too can achieve that level of success. Top Dog students earn multiple High in Trials, High Combined, OTCHs and 200 scores year after year. It is one thing to achieve your own success, but quite another to be able to communicate those skills to others. Teaching is complicated; it not only demands broad knowledge of subject matter, including animal behavior, and also requires enthusiasm, a caring attitude, a sense of humor, and a recognition of just what each student team needs and when. Pepper that with an intense love of sharing information and you are now training the Top Dog way!

Betsy and Linda specialize in workshops where the working participants get a chance to get out on the floor and WORK their dogs. We hear over and over from past workshop participants that they cannot believe the amount of floor time they got with their dogs, and our auditors report that they were presented with such detailed instructions and demonstrations that their notebooks were full! When you complete a Workshop with Betsy and Linda, in addition to acquiring a wealth of information, you and your dog will be re-energized and ready to tackle the next training challenge. Because Betsy and Linda continually compete, as well as working with their competitive students, their training is constantly evolving. Each new dog encourages them to learn more and incorporate new ideas into their proven training method.

Betsy Scapicchio, Owner of Top Dog Obedience School, has over 35 years of dog training experience and has done it all! In addition to all of her students' successes, her own dogs have earned eight Obedience Trial Championships as well as winning and placing at national competitions including the Regional and Classic tournaments and the National Obedience Championship, with top ten finishes at five recent NOCs. She and her dogs, including her UD Chihuahua, also placed at Rally Nationals. Betsy and her dogs have earned 29 perfect 200 scorers, over 200 High in Trials and over 4200 OTCH points so far!

Linda Brennan is the master of versatility. In obedience, her wins include back-to-back firsts in the Masters Class at the AKC Classic and four firsts at the Westminster Master Obedience Championships. Linda's BC Spy earned over 1000 OTCH points and she and current partner Heart have already well surpassed that number. However, Linda's passion is working with different breeds of dogs, including her own Welsh Springer Spaniels and Norfolk Terrier. Linda also specializes in multipurpose dogs. In addition to obedience, she trains and competes in agility, rally, hunting, herding, conformation, scent work, and other dog events where she has earned many titles including OTCH, MACH and Champion.
